JavaScript Code

```javascript
const jumlahBaris = 4;

for (let i = 1; i <= jumlahBaris; i++) {
    let barisBintang = "";

    // Mencetak bintang sesuai dengan nomor baris
    for (let j = 1; j <= i; j++) {
        barisBintang += "* ";
    }

    // Tampilkan ke console
    console.log(barisBintang.trim());
}
```
